CORNING

Corning® Digital Hot Plates/Stirrers Offer:

- ▶ Digital LED temperature display is adjustable in 5°C increments. Display blinks until set temperature is reached.
- ▶ Microprocessor maintains consistent and repeatable temperature settings from 5°C (if ambient temperature is 0°C or lower) up to 550°C.

Digital Hot Plate Safety Features:

- ▶ Bright LED hot top icon lights up when top plate is over 60°C, even when heat control is turned off.
- ▶ Separate temperature sensor provides power cutoff if unit overheats.

Get Free Cash or Glass! Participation is Easy:

- ▶ Purchase a designated Corning hot plate, stirrer, or combination unit between November 1, 2009 and January 31, 2010. Offer good for up to five units.
- ▶ Complete the information requested below and return, with your proof of purchase (invoice or packing slip) by one of the following methods:
 1. Email: lifesciences@corning.com
 2. Fax: **978.442.2478**
 3. Mail to: Attn: Cash for Clunker Offer, Corning Incorporated, Life Sciences, Tower 2, 4th Floor, 900 Chelmsford St., Lowell, MA 01851

Purchase one or more hot plate/stirrer models and apply for the appropriate CASH or GLASS reward:
